its funny how she tries to encourage others not to be blind followers while she blindly follows western ideology. none should be blindly followed except God and His Messenger (peace and blessings be upon him). and stop labeling her as a "dedicated Muslim" because there is nothing Islamic about her.

#### About This Video

Irshad Manji has been dubbed by one newspaper as "Osama Bin Laden's worst nightmare". The Muslim Canadian author has courted controversy with her eloquent critique of modern Islam, which she says is obsessed with victimhood and humiliation. ([less](#))

She is supporting responses to insults, just not DEATH THREATS. This kind of "response" is not rational and isn't accepted by the rest of the world. Islam looks insane and violent when a large portion of its participants call for the death of a heretic author(rushdie) or insulting cartoonist. Violence is most definitely not the answer, no matter who is perpetrating it (be it the west or the mid-east).

The muslim world has been ignored for some time, but look at recent history. The western world is starting to understand the unjust war in Iraq, the injustices caused by the Israelis unto the Palestinians and other flagrant missteps in Mid-East policy. Just look at the various books by [Chomsky](#) and [Jimmy Carter](#) arguing for an end to western imperialism and mid east peace.
